TO WHOM IT MAY CONCERN:

Letter of Recommendation.

Knight Enterprises  
6056 Ulmerton Road  
Clearwater, Fl. 33760

Knight Enterprises has been a sub contractor for our company for the past several years, We have always found the company and employees to be straight forward and honest. We have used Knight Enterprises as a Communication sub contractor for different projects at Tampa International Airport as well as several school buildings. They have also provided overhead line installations for communications and television on several Pinellas County School projects, Nursing homes, and commercial office buildings. Most of the projects have been fast paced and they have proven to be capable and efficient.

Sincerely,

David L. Williams  
President
